WASHINGTON – Congresswoman Louise Slaughter (NY-28), today issued a statement following the successful bid of Authentic Brands and Doug Williams for the now bankrupt HMX Group:

“I have been in regular contact with Doug Williams from the beginning of this process. Early on, Doug reassured me that he was committed to keeping Hickey Freeman in Rochester and to saving and expanding jobs. I look forward to working with Doug and the rest of the team to make sure that Hickey Freeman remains the premier name in men's suits and that those suits continue to be made right here in Rochester.”
