

I will be speaking on the House Floor about creating jobs, and I need your help.

Please send me your thoughts on creating jobs and I will compile your words into a speech from the American people. Simply "Like" [my Facebook page](#) "Follow" me [on Twitter](#) , or [visit my website](#) , and send me your suggestions for creating jobs and rebuilding our economy- words that you think should be shared on the House Floor.

More capital small business? Reform our tax code? Rebuild our highways and schools? If you have an idea share it. I'll include as many of your words as I can into my speech and share your words directly with the Republican Congressional Leaders of the House.

My speech builds upon previous efforts by my colleague, Rep. Maxine Waters, [who recently delivered a jobs speech](#) using the words of American citizens. With millions of Americans out of work, and millions more struggling to get by, we cannot spend enough time focusing on the need to create jobs. That is exactly what I hope to do with my speech from the American people.

Please, "Like" me [on Facebook](#) , "Follow" me [on Twitter](#) or [visit my website](#) and submit your thoughts today! I'm proud and humbled to continue to represent your voice, and can think of no better way than to bring your words to the House Floor.

Please note- if you submit your thoughts via my website, please use the Subject Line "Jobs Speech" so that I can easily find and compile your suggestions. Thank you!
