Rep. Slaughter On  
House Budget: New Priorities And A New Direction For America

Washington, DC - Congresswoman  
Louise M. Slaughter (D-NY-28), Chairwoman of the House Committee on Rules, today  
issued the following statement after the House of Representatives passed  
H.Con.Res 85, the budget resolution for fiscal year 2010:

"This budget is a  
blueprint for economic recovery.

It sets forth new  
priorities to create jobs now and support sustainable economic growth and  
prosperity for years to come.

For the first time in  
years, America  
will have a budget that cuts the deficit; cuts taxes for middle class  
Americans; and creates and saves American jobs with investments in health care,  
clean energy, and education.

With this budget, this  
Congress will once again turn our nation toward a more prosperous future. I am proud to support these priorities and  
new direction for America."
